

What is the **EFCC NATIONAL MISSION?**

The mission arm of the EFCC
that assists churches with
gospel sharing, church planting, and
developing new ministry opportunities
in Canada.

What is the **EFCC NATIONAL MISSION?**

**We exist to help lives be transformed
by the power of the Gospel**

Gospel Sharing: The early pioneers of the Free Church lived out a deep missionary zeal. They shared the Good News of Jesus and established churches across Western Canada. We want to recapture that zeal, and see a fresh movement of people empowered by God's Spirit, engaged in gospel-sharing efforts as God directs. We serve districts and churches to spread of the Good News in Canada.

Church Planting: We also come along side districts and churches as they plant other churches. We provide church planter assessments, basic training for church planters, and church planter coaching.

New Ministry Opportunities: We are also exploring, as God directs, partnerships and ministry opportunities in other areas of Canada where the EFCC is not present.

There is vast potential for mission work in Canada! For opportunities to support and be involved personally, contact Neil, the EFCC's National Mission Director: neilb@efcc.ca
